Dear Sirs,

Re : Refund from Damodar Valley Corporation - Electricity consumption in Durgapur graphite electrode plant.

Pursuant to the publication of Tariff Order for FY 2006 to 2009 by Hon'ble West Bengal Electricity Regulatory Commission, Damodar Valley Corporation (DVC) has prepared the bill for the period from FY 2006 to FY 2009 and have informed that the net refundable amount payable to the Company after adjustment of old dues, Delayed Payment Surcharge (DPS), Excess Payment (if any), Shortfall in SD (if any) and Carrying Cost comes to Rs.81.14 crore approx. The refund amount will be adjusted against the monthly energy bill/s in 24 installments, inclusive of applicable Carrying Cost. The first installment of the refund has been given by DVC by way of a credit in the electricity consumption bill for December 2020, which was received yesterday.

This is for your information.

Thanking you,

Yours faithfully,  
For Graphite India Limited
